

ALLEGRO[™]

*Gift of the
Mediterranean*

ALLEGRO[™]

Allegro Olive Oil comes from the Mediterranean Bay, from Spain, a country with centenary Olive Trees, known for its traditional agriculture. The weather plays freely, ensuring freshness and quality. It is produced from the finest selection of handpicked olives from the green fields of the Mediterranean region that gives all the recipes a healthy and superior taste.

We're passionate about introducing ourselves as a catalyser to our plates, delicately yet powerfully fusing the two worlds i.e., the Mediterranean Culture and Indian Palates together, taking the patrons not just on a culinary journey but also introducing to the art of the Mediterranean lifestyle.
